New Release

EM15016

Full-motion articulating monitor mounts provide optimal viewing positions.

The arm is designed with bright color and modern apparel.

Mechanical spring provides stable positioning and fluid movement.

VESA compatible 75x75mm and 100x100mm.

Support clamp installation.

Provide single monitor and dual monitors solutions.

Single monitor

 SCREEN	 Wt. Load	 Angle	 LIFT	 TILT	 PAN	 EXTENSION	 VERTICAL	 PIVOT	 VESA

TransFit

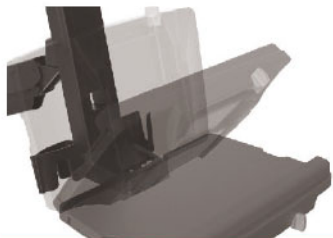

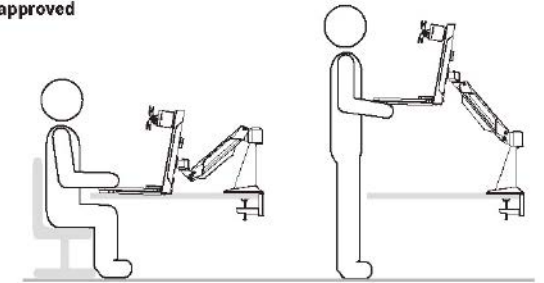

EMC2016

Simultaneously move the keyboard and monitor through its expansive 51cm (20") lift range.

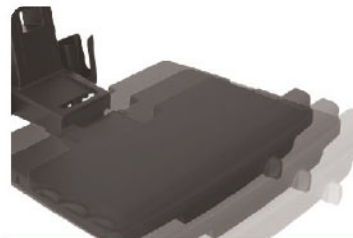

You can tuck the monitor arm away when it's not in use, to free up space.

Fine-tune monitor placement: independently adjust screen height along a 12cm (4.7") range.

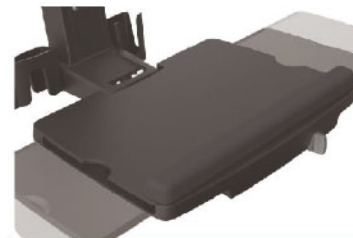

US patent approved

To make the most of your workspace the keyboard tray can fold up to 90°

You can adjust the keyboard tray forward to fit your viewpoint

A slide-out tray holds your mouse on the left or right

Crossbar Dual Monitor ARM

EM89016

Accommodates various LCD size, best suitable display size $\leq 27"$.

Internal cable management routed cables neatly under crossbar.

Substantial aluminum alloy and metal material design creates steady platform.

Lightly installations to monitor that are compliant to VESA MIS-D 75 x 75mm / 100 x 100mm.

Wide Angle for comfortable view position.

Simplified assembly procedure enables easy quick installation.

 SCREEN $\leq 27"$	 Wt. Load $\leq 10\text{Kg}$	 Angle N/A	 LIFT 405mm	 TILT $-15^{\circ}\sim 60^{\circ}$	 PAN 30°	 EXTENSION 180mm	 VERTICAL NA	 PIVOT 360°	 VESA 75/100mm

Cable management to keep cable organized.

Aurora Series Display ARM

EM45216

Elegant, Stylish and Ergonomic design with high performance, light and slim features designed particularly for individual purpose.

Wide angle and height range for comfortable view position.

Quick release design enables to easily install or dismount the spring arm, swivel arm and monitor bracket cable management function.

Spring calibration display, easy adjustment for weight capacity.

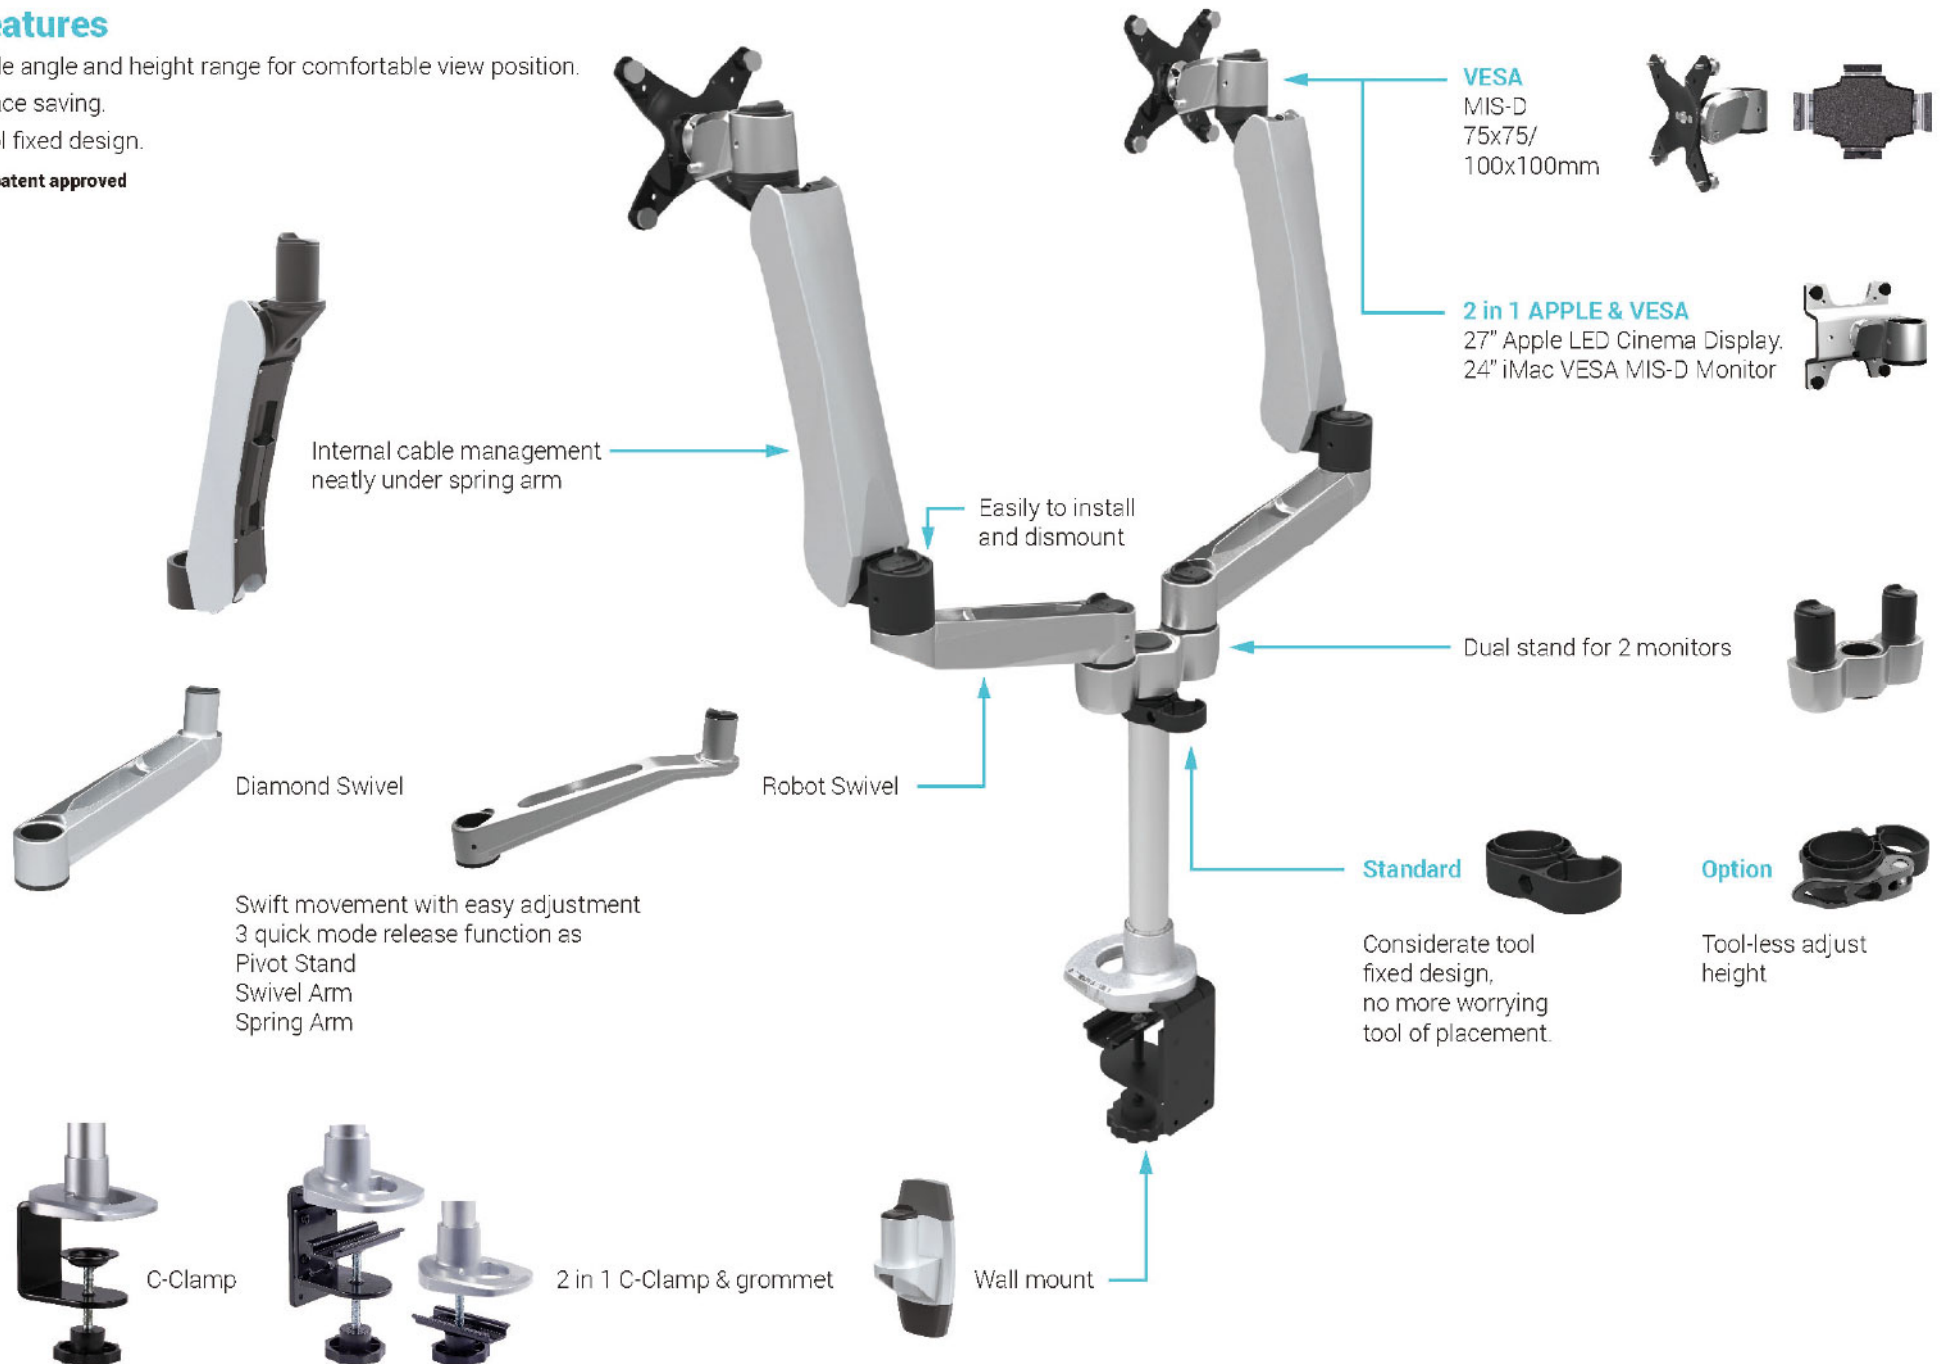

Features

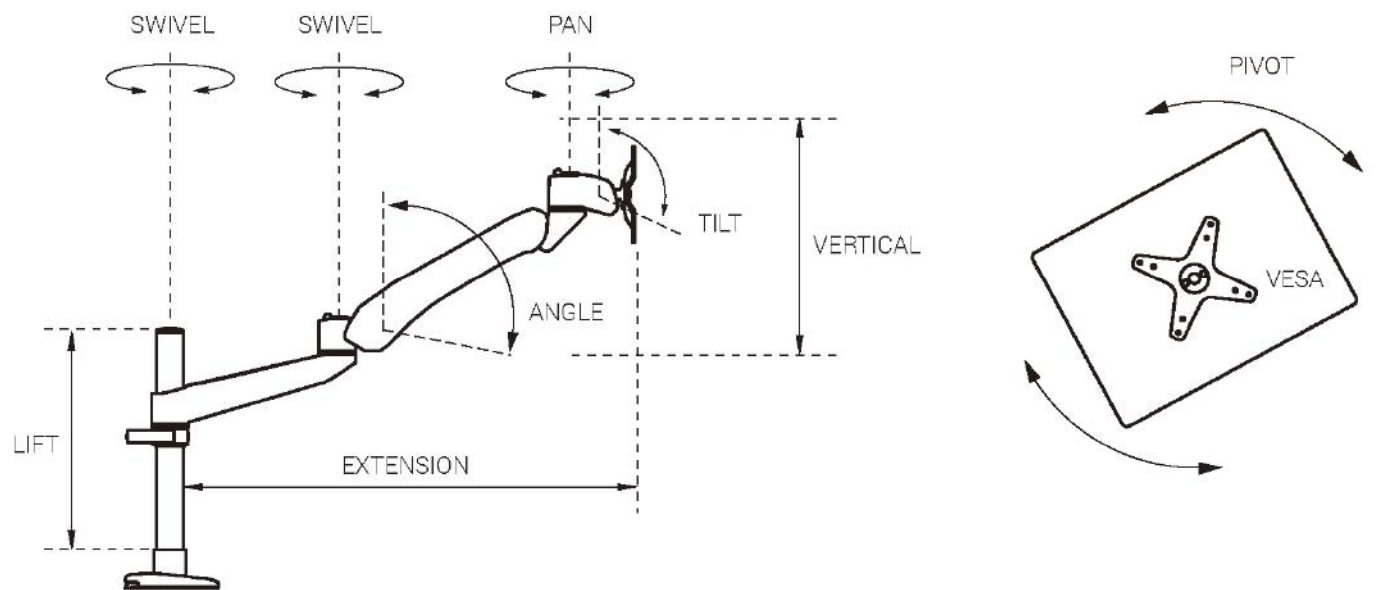

Wide angle and height range for comfortable view position.

Space saving.

Tool fixed design.

US patent approved
